**ISD Tariff**

1295. SHRI C. RAMACHANDRAIAH: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether India has a uniform ISD tariff for all hours of the day/night;

(b) whether it is a fact that other countries have different rates for different hours;

(c) whether Government propose to restructuring ISD tariff;

(d) if so, the details thereof; and

(e) if not, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI KABINDRA PURKAYASTHA): (a) No, Sir. India has separate ISD tariff for peak and non-peak hours.

(b) Yes, Sir.

(c) to (e) The department of Telecom has no such proposal at present. However, the Telecom Regulatory Authority of India, formed under the TRAI Act 1997, has brought out a

Consulation Paper on Telecom Pricing, suggesting rebalancing of Telecom Tariffs—including ISD rates. The proposal of TRAI in this regard are summarised at Statement (*See* below). The (TRAI) is in the process of consulting service providers, consumer organisation and the general public for their views on the consulation paper.

**Statement**

*ISD Charges:*

| Categories of countries | Existing Pulse Rate/Rate Per Minutes (Peak Time) | | Proposed Pulse Rate/Rate Per Minutes (Peak time) by TRAI | |
|---|---|---|---|---|
| | (sec.) | (Rs.) | (sec.) | (Rs.) |
| SAARC Countries and other neighbouring Countries | 2 | (18.00 to 42.00) | 4 | 19.50 |
| Countries in Africa, Europe, *Gulf, Asia* and *Oceania* | 1.2 | (30.00 to 70.00) | 2.6 | 30.00 |
| Countries in the American Continent and other Places in West Hemisphere. | 1 | (36.00 to 84.00) | 2 | 39.00 |

**International Call Charges**

1296. SHRI SHIBU SOREN: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it is a fact that International telephone calls from India are among the most expensive in the world;

(b) if so, the details thereof; and

(c) what are the reasons for such a high rate of charges as 6.35 US dollar for U.S.A. whereas it is only 5.10 US dollar from Japan, 3.00 US dollar from Australia, 2.64 US dollar from Hong Kong and 3.25 US dollar from Sri Lanka?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS (SHRI KABINDRA PURKAYASTHA): (a) and (b) To the extent available, information relating to comparative internaional tariff structure in India vis-a-vis a few other countries, is given at Statement (*See* below). The fugures indicate that while the international calling rates from some countries to India are higher than those from India, in a few other cases it is the reverse.

(c) It is presumed that the rates mentioned in the question are the rates from India to the respective countries. The rate of 6.35 US$ for USA is the rate for operator assisted calls for 3 minutes. The present per minute peak ISD rates from India to USA is only Rs. 75.00 whereas this is Rs. 62.50 for Japan, Australia & Honk Kong and Rs. 37.50 for Sri Lanka.
